

# Focus Products

## Argan Oil

unroasted, cold-pressed / deodorized | conventional / organic

## Avocado Oil

refined

## Calcium Lactate

EU Food Grade

## Rosehip Seed Oil

cold-pressed / refined | conventional / organic

## Jojoba Oil

cold-pressed / colorless | conventional / organic

## Almond Oil

cold-pressed / refined | conventional / organic

## MCT-Oil (Coconut)

coconut-based / palm-based | 60/40, 70/30

## Lactic Acid

80% food grade / 90% pharmaceutical grade / 90% synthetic

## Sodium Lactate

50 % / 60 %

## Olive Oil

refined / virgin / extra virgin / extra virgin organic

## Black Cumin Oil

cold pressed | conventional / organic

## Sheabutter

refined | conventional / organic

## Squalane (Olive)

vegetable

## Grape Seed Oil

refined

## Urea

Cosmetics / Food / Pharma

## Xanthan (Jungbunzlauer)

Food / Cosmetics / Pharma / Technical

# Argan Oil

## Argania Spinosa Kernel Oil

**CAS No.:** 223747-87-3 / 299184-75-1

**INCI:** Argania Spinosa Kernel Oil

**Qualities:** unroasted, cold-pressed / deodorized | conventional / organic

**Characteristic features:**

- Rich in Omega-6 and Omega-9 fatty acids
- Contains vitamin E as an antioxidant
- Contains phytosterols, polyphenols, triterpenes and squalene
- Moisturizing, nourishing and anti-inflammatory
- Very neutral: Ideal for cosmetic formulations

**Country of origin:** Morocco

**Fatty acid chain in %:**

**Price**

Available immediately upon request

**MOQ**

25 kg

**Container**

25 kg canister, 190 kg steel drum, 900 kg IBC

**Availability**

Immediately, in stock in Germany

**Samples**

Available immediately

**Shipment**

Worldwide

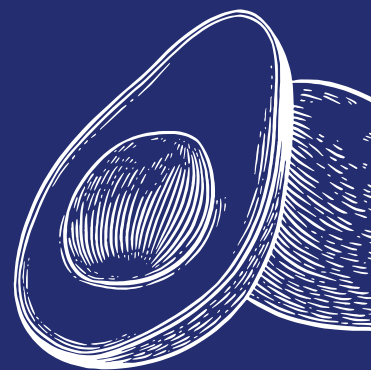

**Available documentation**

Safety data sheet, specifications, analyses, certificates, further information available upon request

Secure **exclusive terms** through a **tailor-made contract**.

# Avocado Oil

Persea Gratissima Oil

**CAS No.:** 8024-32-6

**EINECS:** 232-428-0

**INCI:** Persea Gratissima Oil

**Quality:** refined

NATRUE Approved

**Characteristic features:**

- Rich in Omega-6 and Omega-9 fatty acids
- Contains vitamin E as an antioxidant
- Anti-inflammatory properties due to phytosterols and beta-sitosterol
- Moisturizing, nourishing and regenerating properties

**Country of origin:** Mexico, Kenya, South Africa

**Fatty acid chain in %:**

**Price**

Available immediately upon request

**MOQ**

25 kg

**Container**

25 kg canister, 190 kg steel drum, 900 kg IBC

**Availability**

Immediately, in stock in Germany

**Samples**

Available immediately

**Shipment**

Worldwide

**Available documentation**

Safety data sheet, specifications, analyses, certificates, further information available upon request

Secure **exclusive terms** through a **tailor-made contract**.

# Calcium Lactate

## Calcium Lactate

**CAS No.:** 814-80-2 / 28305-25-1

**EINECS:** 212-406-7

**INCI:** Calcium Lactate

**Qualities:** EU Food Grade

**Characteristic features:**

- Highly bioavailable calcium salt of lactic acid
- Tasteless and well-tolerated source of minerals
- Versatile applications: food, dietary supplements, cosmetics

**Country of origin:** Netherlands

**Price**

Available immediately upon request

**MOQ**

20 kg

**Container**

20 kg bag

**Availability**

Immediately, in stock in Germany

**Samples**

Available immediately

**Shipment**

Worldwide

**Available documentation**

Safety data sheet, specifications, analyses, certificates, further information available upon request

Secure **exclusive terms** through a **tailor-made contract**.

# Rosehip Seed Oil

Rosa Canina Seed Oil / Rosa Moschata Seed Oil

**CAS No.:** 84696-47-9 / 84603-93-0

**EINECS:** 283-652-0

**INCI:** Rosa Canina Seed Oil / Rosa Moschata Seed Oil

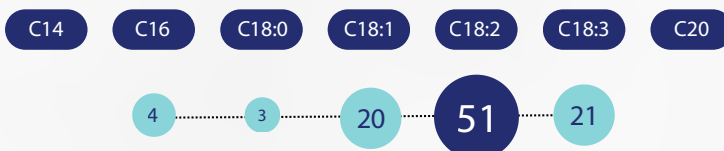

**Qualities:** cold-pressed / refined | conventional / organic

**Characteristic features:**

- Contains vitamins A, C and E
- With natural retinoid for skin renewal
- Contains carotenoids and phytosterols
- Moisturizing, regenerating and antioxidant properties

**Country of origin:** Chile, Bulgaria, Germany

**Fatty acid chain in %:**

**Price**

Available immediately upon request

**MOQ**

25 kg

**Container**

25 kg canister, 190 kg steel drum, 900 kg IBC

**Availability**

Fresh produce at short notice

**Samples**

Available immediately

**Shipment**

Worldwide

**Available documentation**

Safety data sheet, specifications, analyses, certificates, further information available upon request

Secure **exclusive terms** through a **tailor-made contract**.

# Jojoba Oil

Simmondsia Chinensis Seed Oil

**CAS No.:** 61789-91-1 / 90045-89-0

**EINECS:** 289-964-3

**INCI:** Simmondsia Chinensis Seed Oil

**Qualities:** cold-pressed / colorless | conventional / organic

**Special quality:** Golden Light

**Characteristic features:**

- Mixture of wax esters
- Rich in natural vitamin E
- High content of eicosanoic acid, cetoleic acid
- Moisturizing

**Country of origin, quality conventional:** Israel

**Country of origin, organic quality:** Israel, Panama,

**Country of origin, quality Golden Light:** Spain

**Fatty acid percentage:** C18:0 C18:1 C20:1 C22:1 C24:0

NATRUE Approved

**Price**

Available immediately upon request

**Container**

25 kg canister, 180 kg steel drum

**Samples**

Available immediately

**Available documentation**

Safety data sheet, specifications, analyses, certificates, further information available upon request

**MOQ**

25 kg

**Availability**

Immediately, in stock in Germany

**Shipment**

Worldwide

Secure **exclusive terms** through a **tailor-made contract**.

# Almond Oil

Prunus Amygdalus Sweet Oil

**CAS No.:** 8007-69-0 / 90320-37-9

**EINECS:** 291-063-5

**INCI:** Prunus Amygdalus Dulcis Oil

**Qualities:** cold-pressed / refined | conventional / organic

**Characteristic features:**

- With Omega-6 and Omega-9 fatty acids
- Contains vitamin E as an antioxidant
- Moisturizing, soothing, anti-inflammatory
- Excellent carrier oil
- Skin-like lipid profile

**Country of origin:** Spain, USA (California)

# MCT-Oil

Caprylic / Capric Triglyceride

**CAS No.:** 73398-61-5

**EINECS:** 277-452-2

**INCI:** (Caprylic) Capric Triglyceride

**Qualities:** coconut-based / palm-based | 60/40, 70/30

**Characteristic features:**

- Odorless, tasteless
- Good miscibility with other ingredients
- Food: A quick source of energy
- Cosmetics: Pleasant skin feel & fast skin penetration

**Fatty acid chain in %:**

**Price**

Available immediately upon request

**MOQ**

25 kg

**Container**

25 kg canister, 950 kg IBC

**Availability**

# Lactic Acid

## Lactic Acid

**CAS No.:** 50-21-5

**EINECS:** 200-018-0

**INCI:** Lactic Acid

**Chemical name:** 2-hydroxypropionic acid

**Qualities:** 80% food grade / 90% pharmaceutical grade / 90% synthetic

**Characteristic features:**

- Alpha hydroxy acid (AHA) with the formula  $C_3H_6O_3$
- Weak acid compared to strong mineral acids
- Biodegradable
- Moisture-binding
- Excellent documentation

**Country of origin:** France, Spain, Japan

**Price**

Available immediately upon request

**MOQ**

25 kg

**Container**

25 kg canister, 1,200 kg IBC

**Availability**

Immediately, in stock in Germany

**Samples**

# Sodium Lactate

Sodium Lactate

**CAS No.:** 72-17-3 / 867-56-1

**EINECS:** 200-772-0 / 212-762-3

**INCI:** Sodium Lactate

**Qualities:** 50%, 60%

**Characteristic features:**

- pH-regulating effect
- Preservative properties
- Texture-enhancing
- Moisturizing

**Country of origin:** Netherlands, France

**Price**

Available immediately upon request

**MOQ**

25 kg

**Container**

25 kg canister, 1,200 kg IBC

**Availability**

Immediately, in stock in Germany

**Samples**

Available immediately

**Shipment**

Worldwide

**Available documentation**

Safety data sheet, specifications, analyses, certificates, further information available upon request

Secure **exclusive terms** through a **tailor-made contract**.

# Olive Oil

Olea Europaea Fruit Oil

**CAS No.:** 8001-25-0

**EINECS:** 232-277-0

**INCI:** Olea Europaea Fruit Oil

**Qualities:** refined / virgin / extra virgin / extra virgin organic

**Characteristic features:**

- Omega-9 fatty acid as the main component
- With Omega-3 and Omega-6 fatty acids
- Contains vitamin E as an antioxidant
- With cholesterol-like plant substances
- Nourishing, moisturizing effect

**Country of origin:** Spain

# Black Cumin Oil

Nigella Sativa Seed Oil

**CAS No.:** 90064-32-7

**EINECS:** 290-094-1

**INCI:** Nigella Sativa Seed Oil

**Quality:** cold-pressed | conventional / organic

**Characteristic features:**

- It has antioxidant and skin-conditioning properties
- Contains essential omega-6 fatty acids
- Bioactive component: Thymoquinone
- Flexible adjustment of the thymoquinone level is possible

**Country of origin:** Turkey

# Shea Butter

Butyrospermum Parkii Butter

**CAS No.:** 91080-23-8 / 194043-92-0

**EINECS:** 293-515-7

**INCI:** Butyrospermum Parkii Butter

**Quality:** refined | conventional / organic

**Characteristic features:**

- Nourishing and protective properties for dry skin
- Retains skin moisture and supports barrier function
- Melting texture
- High proportion of saturated and monounsaturated fatty acids

**Origin:** West Africa

# Squalane

Squalane

**CAS No.:** 111-01-3

**EINECS:** 203-825-6

**INCI:** Squalane

**Quality:** vegetable (olives)

**Characteristic features:**

- Antioxidant properties
- Hypoallergenic and well tolerated by various skin types
- Light texture: Can be easily absorbed by the skin.
- Moisturizing
- Natural, plant-based origin from the olive

**Country of origin:** Spain

NATRUE Approved

**Price**

Available immediately upon request

**MOQ**

20 kg

**Container**

20 kg canister, 164 kg steel drum

**Availability**

Immediately, in stock in Germany

**Samples**

Available immediately

**Shipment**

Worldwide

**Available documentation**

Safety data sheet, specifications, analyses, certificates, further information available upon request

Secure **exclusive terms** through a **tailor-made contract**.

# Grape Seed Oil

Vitis Vinifera Seed Oil

**CAS No.:** 85594-37-2 / 84929-27-1 / 8024-22-4

**EINECS:** 287-896-9 / 284-511-6

**INCI:** Vitis Vinifera Seed Oil

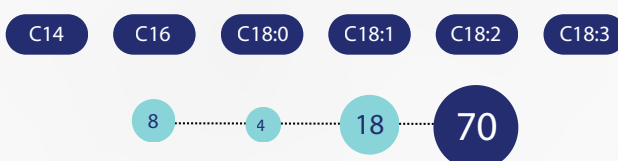

**Quality:** refined

**Characteristic features:**

- Rich in unsaturated fatty acids
- High in antioxidants such as vitamin E and polyphenols
- May have anti-inflammatory properties
- Moisturizing effect
- Upcycled product made from wine production waste

**Country of origin:** Spain

**Fatty acid chain in %:**

NATRUE Approved

**Price**

Available immediately upon request

**MOQ**

23 kg

**Container**

23 kg canister, 200 kg steel drum, 916 kg IBC

**Availability**

Immediately, in stock in Germany

**Samples**

Available immediately

**Shipment**

Worldwide

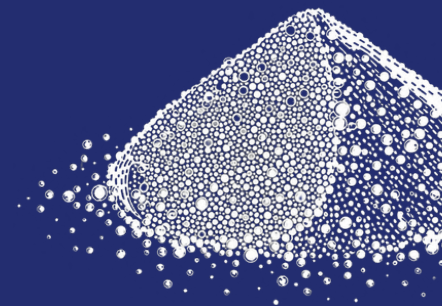

**Available documentation**

Safety data sheet, specifications, analyses, certificates, further information available upon request

Secure **exclusive terms** through a **tailor-made contract**.

# Urea

Urea

**CAS No.:** 57-13-6

**EINECS:** 200-315-5

**INCI:** Urea

**Qualities:** Cosmetics / Food / Pharmaceuticals

**Characteristic features:**

- Ultra Pure
- Formaldehyde-free
- Assay: 99,0 - 100,5 %
- Biuret:  $\leq 0,1$  %
- Moisturizing, skin-soothing

**Origin:** Europe

**Variants:**

**Urea Beads Pure**

**Urea Powder Pure**

**Urea Crystalline  
Extra Pure**

**Urea Crystalline  
Ultra Pure**

**Price**

Available immediately upon request

**MOQ**

25 kg

**Container**

25 kg bag

**Availability**

Immediately, in stock in Germany

**Samples**

Available immediately

**Shipment**

Worldwide

**Available documentation**

Safety data sheet, specifications, analyses, certificates, further information available upon request

Secure **exclusive terms** through a **tailor-made contract**.

# Xanthan Gum

## Xanthan Gum

**CAS No.:** 11138-66-2

**EINECS:** 234-394-2

**INCI:** Xanthan Gum

**Qualities:** Food / Cosmetics / Pharmaceuticals / Technical

**Characteristic features:**

- Excellent thickening and binding properties
- Easily soluble in water
- Temperature stable
- Compatible with other substances
- Application-specific types (see next page)

**Country of origin:** Austria

**Manufacturer:** **Jungbunzlauer**

**Price**

Available immediately upon request

**MOQ**

20 kg

**Container**

20 kg bag

**Availability**

Immediately, in stock in Germany

**Samples**

Available immediately

**Shipment**

Worldwide

**Available documentation**

Safety data sheet, specifications, analyses, certificates, further information available upon request

Secure **exclusive terms** through a **tailor-made contract**.

# Jungbunzlauer

## Xanthan Gum types at a glance

### First letter - Quality

| Code     | Application                                    |
|----------|------------------------------------------------|
| <b>F</b> | Food (including pharmaceuticals and cosmetics) |
| <b>T</b> | Technical                                      |

### Second letter - Particle Size / Granulation

| Code      | Application                  |
|-----------|------------------------------|
| <b>F</b>  | Fine (200 mesh)              |
| <b>N</b>  | Normal (80 mesh)             |
| <b>G</b>  | Coarse (45 mesh)             |
| <b>ED</b> | Easily dispersible (16 mesh) |

### Further letters - Performance

| Code      | Application                                       |
|-----------|---------------------------------------------------|
| <b>CS</b> | Clear solution                                    |
| <b>ST</b> | Salt tolerant                                     |
| <b>PC</b> | Personal Care                                     |
| <b>OC</b> | Oral Care                                         |
| <b>DF</b> | Dust free                                         |
| <b>AS</b> | Acid stable                                       |
| <b>P</b>  | Reduced Pseudoplasticity                          |
| <b>RD</b> | Readily dispersible                               |
| <b>LD</b> | Low dust (80 mesh and a maximum of 15 % 270 mesh) |
